

## EUCHNER SAFETY SERVICES

## Preparation for EC declaration of conformity and CE marking

All legally required documents and the final report must be compiled as the final step prior to signing of the EC declaration of conformity. EUCHNER prepares these documents to be signed by the customer and produces the rating plates for the CE marking.

### Advantages for the customer

- ▶ EUCHNER has its own technical documentation office, as well as long-standing experience in producing documents in compliance with standards

### Services for the customer

- ▶ Preparation of the final report and compilation of the documentation for the EC declaration of conformity
